

**ST. PETERSBURG  
JULY 2022**

**I C M**

**INTERNATIONAL  
CONGRESS OF  
MATHEMATICIANS**

Next ICM will take place in **July 2022** in **St. Petersburg**, a most beautiful city with a rich mathematical history. Often called Russia's "**Window to Europe**", it is a cultured and cosmopolitan city, which extends its warm hospitality to people from every corner of the world, regardless of their ethnic background, religious beliefs, sexual orientation, income level, customs, or traditions. In particular, all registered ICM participants will have a **visa-free** entry.

Besides a call to attract up to **1000** colleagues from **developing countries**, we will put a special program in place to **attract 1300+ young** mathematicians from all over the world. We also plan for a large number of **satellite conferences** in Russia and neighboring countries, including schools aimed at junior participants. In this, we count on support And participation of the national mathematical societies and science foundations!

The ICM site with more information will be up soon at **[www.icm2022.org](http://www.icm2022.org)**

We hope to make ICM2022 an exciting and enjoyable event with many scientific and cultural activities, please send your suggestions how to do so to

**[icm2022spb@gmail.com](mailto:icm2022spb@gmail.com)**

We will also be happy to hear your advice at **ECM 2020.**

**See you  
in Slovenia  
in 2020! And in  
St. Petersburg in 2022!**
